Relax, you're in great hands. A continuous warranty supports the SU-6400 as part of our service plan for complete peace of mind.

General
Communication Mode

Global LEO Satellite operation using the Globalstar Simplex Data Network

Interfaces

Digital Inputs
Two digital inputs
GPS Antenna
Internal

Satellite Antenna
Internal
Environmental
Temperature:

-30° to +60° C Note: The unit shall remain operational over the -40° to +85°C range, though may experience battery life and RF signal degradation
RoHS Compliant

Electrical
Operating Voltage:

8-22v volts DC
Battery Type 4 AA 1.5V lithium
Provides 18 months of battery life
Removes the need to purchase expensive proprietary batteries for replacement
Physical
Dimensions

2.7 IN (H) x 3.25 IN (W) x 1 IN (D) (with brackets)
Weight

3.6oz/102g (with 4 batteries and mounting hardware)

Internal Battery
4 AA 1.5V lithium
Rugged textured plastic enclosure
Certifications ANATEL

Certification for Brazil (pending)
FCC CFR Parts 15 and 25
Industry Canada
CE Mark (European Certification)
COFETEL
A-Tick
